

NEWSIES PUT FUNDS OVER THE TOP

Lakeshore, SJ Nearly Set Record

Snowy, Cold Day
No Trouble For
Hardy Lions Clubs

Businessmen turned Newsies sent The Herald-Press Good Fellow fund over the top yesterday collecting \$2,184.87 to go with \$2,553.80 already in for a near-record grand total of \$4,738.67.

Despite temperatures that ranged from freezing at the noon start to 29 degrees, mixed with snow flurries, the St. Joseph Lions, and their husky brothers from Lakeshore made sure Christmas would be warm and fun. The St. Joseph Lions collected \$1,811.21 and the Lakeshore Lions added \$353.66.

CHECKS PREPARED
Meanwhile the Good Fellow accounting department was preparing checks for 314 families representing nearly 800 persons. While the Newsies were hawking Good Fellow editions \$246.73 rolled into headquarters by mail and messenger with a hint of more to come.

It was the 17th time the Newsies had put the fund over the top. The St. Joseph Lions started the Newsie sale in 1953 and the Lakeshore Lions took up the challenge in 1963. Between the two clubs they have raised over \$32,000.

St. Joseph Lions dedicated their efforts to the memory of John B. Lindendorf, past president of the club and a newsie in every one of the previous sales. Bob and John Lindendorf, sons of the well-known St. Joseph businessman and civic leader, teamed up to collect \$58.55 between them.

The Lakeshore Lions, patrolling the busy, but cold intersection of St. Joseph avenue and John Beers road, in Stevensville, were severely hampered by icy roads. Their most prolific salesman, Trustee Barney Vassick was tied up operating the village salt spreader. Plans to station newsies at Cleveland avenue and John Beers had to be dropped because of slippery roads.

WON'T TELL HOW
St. Joseph Lions were led by red-vested Roy Liskay who came up with \$228.32. Liskay was mum on his newsie procedure. Harvey Walters, with Bob Franz helping out, turned in \$137.68. Frank Smith, patrolling the entrance of the Peoples State bank, turned in \$125.60.

Jack Lents, last year's chairman, hit the streets yesterday and sold \$85.60 worth of papers. He edged out Dick Hooker who collected \$85. Ray Dumke at the drive-in bank stuck it out long enough to bring in \$76.45. The bank on Lake Michigan and its sub-freezing wind currents. Atty. Russ Taylor came up with \$75.03.

The first contribution to hit Good Fellow headquarters yesterday was brought in by Patty Boursma and Ken Current, representatives of Miss Helen Jones' fifth grade class at Lincoln school. The members of the class collected \$8. St. Rita's circle No. 487, Daughters of Isabella, sent in \$5.

The final Monday Musical check was \$89.72 — \$9.05 more than previously reported.

An anonymous donor sent in \$100 to continue an old tradition.

KING-SIZED ENVELOPE
Motor Route driver Mary Bachman delivered \$5 to headquarters. Jean Pfaff sent in \$3 in memory of the late Senator Robert Kennedy.

It took a good-sized envelope to hold the \$116.63 collected from members of the Laundry Engineering division of Whirlpool.

Co-chairman Steve Barbus and Dave Williams, two new St. Joseph Lions club members, getting their first taste of a Newsie sale, said tremendous teamwork helped put the drive over the top. Lakeshore Lion co-chairmen Les Collins and Edward Wesner said practically everyone that passed through Stevensville bought a Good Fellow edition.

Commission Taking Break

St. Joseph city commissioners will take a holiday break from weekly commission meetings for the next two weeks. The next scheduled Monday night meeting is set for Jan. 5.

PAPER FOR JEFF: Mrs. Don Frederickson, busy shopping with seven-month-old son Jeff, gets her Good Fellow Herald-Press edition from Newsie Louis Lechner of St. Joseph Lions. The sale was made under the sidewalk heat lamps at Blake's on State street, where Lechner had paused to warm up. (Staff photo)

LAKESHORE SALE: Mrs. James Wishart, piloting Lakeshore school bus, pauses at main intersection in Stevensville to purchase St. Joseph Herald-Press Good Fellow edition from Warren VanOsdal. Bus load of school children cheered. (Staff photo)

SUCCESS! The night shift of Good Fellow Newsies awaits the outcome of the sale while Mrs. Betty Zuhl, a bookkeeper for The News-Palladium computes the results. They learned that the Benton Harbor Exchange club's newspaper sale netted \$4,784 to push the Good Fellow fund over its goal. Left to right:

Chuck Joseph, sale co-chairman; Sheriff Forrest (Nick) Jewell, Harold Smith, Ralph Frost, sale chairman; Mrs. Irene Gray of the newspaper's circulation department; Forrest (Bud) Skelley, Exchange president, and Charles Magner. (Staff photo)

Exchange Club Goes All Out

Good Fellow Fund Exceeds \$8,500 Goal

Exchange club Newsies are even better than their word. "With hard work we will hit \$9,200!" said a pep message to Newsies from Ralph Frost, chairman, and Chuck Joseph, co-chairman, of the 1969 sale. The Newsies went out Friday and collected \$4,784.80, selling miniature editions of The News-Palladium. This pushed the fund's total to \$9,341.08 when the Newsie sale was added to the daily receipts turned at the newspaper office. That's \$800 over the goal.

Yesterday's sale was the fifth highest on record and the returns are still unofficial. A hard-working crew of "night riders" led by Harold Smith was still selling papers after the books closed at 9 p.m. Friday. Santa Claus said his staff will be happy to re-open the books and credit any money that comes in later today to the Exchange club Newsie sale.

VICTORY STATEMENT
Frost and Joseph in a joint victory statement said:

"We got a terrific effort from Exchange club members and the volunteer Newsies who helped us put it over. But most of all, it was the public that really did it. Citizens were generous because they knew the cause is good."

The public's generosity means the Good Fellow fund will again do its job. Christmas checks will go to 1,123 families in the Benton Harbor area. The funds will mean food, toys and clothing for needy families whose members range from the solitary elderly person to a home with a dozen youngsters.

This was the 40th year that the Exchange club put its spirit and muscle into the Newsie sale. It was the second year that miniature newspapers were sold.

One customer complained because he didn't get a regular edition.

"The paper is small," said the Newsie, "because there is no crime or political stories. It's all 'good news' about how people have been contributing to the Christmas appeal for 50 years."

WARM RESPONSE

Newsies got a frigid reception from the weather, but the public's response was warm. It was warmest of all for Frank Daniels who proved that he's the champion Newsie by turning in \$309.36. Daniels was a member of the first Newsie corps that started the sale in 1930. His continued efforts made him the "cover boy" for this year's Good Fellow edition.

Harold Smith worked around the clock and came up with \$285. Ed Miller's been on the convalescent list but he did his bit as usual, coming up \$250, thanks to a check from Whirlpool Foundation.

Three firemen set a fast pace as Al Crozine collected \$117, Gary Bush \$112.32 and Bill Kloppe \$74.26.

Lawrence Heckathorne and his very attractive secretary netted \$159.48. Omar Ford and Tom Nowlen weren't competing for looks but turned in \$122.96 working as a team.

Tom Butler knew the right spots and came up with \$113.15. Charles Magner registered \$106. Acting Postmaster George Westfield kept the mail going and also garnered \$76.17 for the Good Fellow fund.

Don and Del Anderson, proprietors of the Downtowner restaurant, hosted Newsies for breakfast, then launched the sale with \$40.

There were many, many more pitching in big bills and coins — all adding up to one of the best Newsie sales ever.

Newsies weren't the only ones boosting the fund. —\$170.69 came over the counter today. The Laundry Engineering Division of Whirlpool sent \$116.69. Two Friends made single donations of \$10 each.

IN DAUGHTER'S MEMORY

Leo and Elizabeth Dahring gave \$10, and there was another \$10 "in loving memory of our daughter, Debbie, from the

U-M Okays Downgrade Of ROTC

Pentagon Must Agree To Change

ANN ARBOR, Mich. (AP) — The University of Michigan regents moved to strip the school's Reserve Officer Training Corps programs of their academic standing Friday.

The move, which had been expected, followed the recommendation of the school's top faculty body, the University Senate.

Under the regents' action, Army, Navy and Air Force ROTC would become "programs" rather than academic departments. The regents also asked the Defense Department to assume \$250,000 in expenses previously paid by the university. This includes \$200,000 for rental of North Hall, home of the ROTC.

The changes in the program must be negotiated with the Defense Department, before going into effect.

DOWNGRADED

The regents emphasized that they are not in any sense abolishing ROTC but are placing it on the same basis as a number of other university programs.

Under the new plan of operation, ROTC instructors would not receive academic titles unless they also hold appointments from a university school or college.

A university-wide committee which currently oversees ROTC would be strengthened.

The question of whether to grant academic credit for ROTC courses would be left up to the faculties of individual schools and colleges. The faculty's executive body, the Senate Assembly, has recommended that credit be given only for courses taught by instructors with academic appointments, but this recommendation has not yet been acted on by the colleges.

Speech Tax

BULANDSHAHR, India (AP) — Indian Supreme Court Justice A.N. Grover believes he has an answer to "long, windy and meaningless speeches." He told the local bar association that such speeches could be curbed by putting a tax on them.

Tax Package Cut \$1.5 Billion But Still Faces Threat Of Nixon Veto

WASHINGTON (AP) — About \$1.5 billion was cut from a bill threatened with presidential veto as Congress voted and debated its way into weekend session and final action on tax reform and most appropriations.

Presidential veto warnings

still stood for the massive tax package and the Health, Education and Welfare Department appropriation which was cut \$1.5 billion to \$20 billion.

However Senate Republican leader Hugh Scott of Pennsylvania said the tax package as presented Friday for final action would be difficult for President Nixon to veto.

MAY DELAY VOTE

Democratic senators indicated after a caucus they may work toward putting off a vote on the HEW measure until after the holiday recess. This would prevent a pocket veto by the President.

Sen. Mike Mansfield, the majority leader, said the session would end Monday if possible, Tuesday at the latest.

As approved by conference for floor action the tax bill retrieves \$6.6 billion lost through loopholes and give taxpayers, especially those with low incomes, some \$9.1 billion in relief.

Every taxpayer would benefit by an increase in the personal exemption, starting in mid-1970. The exemption progresses from \$600 to \$750 by 1973. A 15 per cent hike in Social Security benefits is there for one of every eight residents of the United States.

The oil depletion allowance, a tax reform symbol, would be re-

duced from 27 1/2 per cent to 22 per cent. Tax free municipal bonds were left that way.

Others facing tax increases include those with considerable capital gains income, hobby farmers, real estate operators using speeded up depreciation, and individuals who profit by

charitable donations of such value-appreciated property as paintings.

President Nixon told the Senate the HEW appropriation was inflationary, and the money cut came several hours later in a

Home For The Holidays

Dea docked partisanly and within party ranks, the legislature is taking a long holiday on Governor Milliken's educational reform measure.

It will resume the debate at re-convening time on January 14th.

During this four-week interim the members can get into the Christmas festivities, take in the Rose Bowl game and quite likely, do some private nose counting on the plan.

Parochialism is credited with throwing much of the sand in the gears of progress.

This emotionally charged subject is the small end of the horn, monetarily speaking. Milliken has recommended a \$25 million grant out of a total exceeding a billion dollars in state aid to the schools.

Another stumbling block is a re-organization of the State Superintendent's office.

The Governor is urging this office be made an appointive one rather than the elective type it has been since Michigan began to provide public education.

Another section in the re-organization calls for reducing substantially the political independence held by the over 1,000 publicly elected school boards.

Though Milliken's educational boat might appear to be grounded at the moment, most legislators at present would say some change will be voted into effect next year despite '70 being an election call-up for Milliken and

all of the House members.

Parochialism and the restructuring of the Superintendent's office are wellspring for the conversation, but the real nub of the argument on Milliken's plan is cost.

The public is fed up with taxes from any source and for any purpose. Putting the Governor's thoughts on state aid into action can be accomplished only by deficit financing which is banned under Michigan's new constitution or by applying more pressure to the tax bite presently gripping the public's throat.

Resistance to heavier pressure is so strong that even the Democratic members in the legislature, always the first to urge a tax boost for social legislation, are squabbling amongst themselves on the point.

From the outset the stormy verbiage on parochialism and the Superintendent has been a smoke screen covering the more disturbing question of how to placate the school kids' parents without simultaneously telling them they must pay for peace of mind.

Though the wrangling at Lansing this year has been unseemly, it and the holiday adjournment may yet serve a good purpose.

More time is available to sift the wheat from the chaff in the school crisis; and if shadow can be separated from the substance, then go on to find a sane means to deal with the latter.

Critical Election In Japan

Japanese voters elect 486 members of the lower house of the Diet (parliament) in a special election next Friday.

For the relatively small price of Okinawa, Japan stays firmly within the American range of influence. Prime Minister Eisaku Sato came back from Washington a few weeks ago with the reversion of Okinawa to Japan in his pocket. President Nixon and Sato agreed in a communique on Nov. 21 that the United States would turn back the Ryukyu islands in 1972.

As part of the agreement, U.S. forces in Japan are to have great flexibility to fulfill security commitments in the Far East. Both nations affirmed their intention of extending their Treaty of Mutual Cooperation and Security

beyond the expiration date of June 23, 1970.

President Nixon said that as a result of the November talks "a new order will be created by Japan and the United States" in the Pacific. So long as Prime Minister Sato and his party can maintain dominance in Japanese politics, the partnership should prove relatively invulnerable.

Sato's party label of Liberal - Democratic is a considerable exaggeration. The party has ruled Japan almost continuously since World War II. A loose coalition of business oriented right wingers, it is essentially conservative.

In the last lower house election two years ago, the Liberal - Democrats won 277 seats. Unfilled vacancies bring the present total down to 272. The Socialists have 135 seats in the House of Representatives, as it is called; the Komeito, the up and coming political arm of the militant Buddhist Soka Gakkai sect, 25; the Democratic Socialists, 31; and the Communists, 4. All oppose the Japanese - American security treaty as increasing the danger of a war that would be fought for American rather than Japanese purposes.

Sato has been making speech after speech saying Japan will build up its military forces sufficiently to defend itself. But he insists that his country will maintain its no-war constitution, originally imposed by American occupiers. That means that Japan, to all practical purposes, will continue to rest under the American nuclear deterrent umbrella, as Sato says, "for a considerable period of time." American bases on Okinawa presumably will come under the same restrictions as do U.S. bases on Japan proper. That means that Japan will be consulted in advance of any combat operations.

The parliamentary elections come at an odd time for Japan. Candidates will appear on the semigovernment NHK network and private TV stations from December 15 to the 25th, two days before the election. The real oddity of the campaign is the timing. Buddhist Japan of recent years has taken to the celebration of Christmas. Perhaps Sato figures the Christmas spirit will carry over at the polls.

Sato has been advocating partnership with the United States against the solid opposition of his otherwise splintered political foes. He sees the American umbrella as the main reason Japan has been able to build up a booming prosperity for the past quarter century. Like any politician, he hopes some support from the left will result from his promise to establish high - level official contacts with Red China.

Major Operation?

GLANCING BACKWARDS

PARENTS AGAIN TRY TO PAY

—1 Year Ago—
The millionaire parents of kidnapped coed Barbara Jane Mackle made new contact during the night with their daughter's kidnapers, a source close to the investigation said today.

Meanwhile, the FBI hinted of impending break in the case. The source, privy to the secrecy - shrouded investigation, said there were even expectations the girl might be released today.

The first effort to pay \$500,000 ransom was accidentally derailed Thursday. Police said a manhunt was begun for a scientist, a woman and another man while Robert Mackle pleaded for another chance to buy his daughter's freedom.

BEEDON BOWLS 300 GAME

—10 Years Ago—
Joe Beedon quit playing second fiddle to his wife last night by firing the first perfect game bowled at Twin City Recreation since the new alleys were opened in 1953.

"I never thought I'd make the grade," Beedon said excitedly. "I always figured my wife would be the first one in our family to hit 300."

But rubber - legged and

shaky, Beedon found the pocket 12 times in a row in the final game last night to reach the pinnacle of bowling achievement.

ARMY PLANE FORCED DOWN

—25 Years Ago—
Because the twin city airport is as yet unlighted, a two - engine Army training plane, lost en route from Galveston, Texas, to South Bend, was damaged in a forced landing here shortly before 6 p.m. No one was injured.

The plane, a UC-78, with four Army men aboard, was without lights because of failure of the electric system en route from the South. The landing gear, which was lowered by hand, was smashed when the plane landed on the east end of the airport.

CHRISTMAS PARTY

—35 Years Ago—
The annual Christmas party for St. Joseph youngsters around the municipal tree at State and Pleasant street on Dec. 24 at 5 o'clock, it is stated by Chief of Police Ben Phairas. Santa and his helper will arrive in a giant sleigh loaded with 1,300 boxes of candy for the boys and girls.

TEMPERATURE DROPS

—45 Years Ago—
Steadily dropping temperatures marked the continuation of the blizzard here and the mercury at the U. S. Coast Guard station dropped to 10 degrees above zero, a decline of 20 degrees since yesterday.

PRICES UP

—55 Years Ago—
The Berrien county farmer who had a patch of rye planted last season, is having his Christmas stocking well filled this year. There's a reason, the war. Europe is buying all of this grain that America can furnish and latest local quotations set the price for rye at 90 cents a bushel, a rise of 30 cents in the last 10 days.

EDITOR'S MAILBAG

Editor,
The Herald-Press:

PRAISES SPECIAL EDITION

On behalf of the personnel and staff of Memorial Hospital I wish to express our appreciation for the excellent presentation made to the public in the 16 page tabloid on the newly - expanded Memorial Hospital.

The numerous reporters and photographers who worked on this project caught the spirit of Memorial and vividly portrayed that spirit in pictures and text. Everyone on your staff went out of their way to fully acquaint themselves with the hospital structure and its functions and as a result the tabloid is far more than just another news release.

It was highly successful in telling Memorial's story to your readers and was instrumental in making our recent public open house a tremendous success.

R. A. BRADBURN
Administrator
Memorial Hospital

EDITOR'S NOTE: Thanks Mr. Bradburn. Writers were Brandon Brown, Sandra Drake and Alan Arend. Wesley Stafford did all the black and white photography. Full color cover photograph was snapped by Adolph Hahn. Paul Dodson designed the layout. Jerry Krieger directed and edited the project.

BENNET CERF

Try And Stop Me

"You've got to hand it to these scientists," marveled Rappaport. "I read about one this morning who predicted that by 1972 they'll be able to heat an entire apartment building with a single lump of coal."

"By 1972?" sneered Himmelburger. "I've got a landlord who's trying to do it now!"

When British journalist James Cameron toured Red China recently, a guide with an eye to future tourist trade led him to a corner of the Human Province to show him a house purported to be the one in which Chairman Mao was born. It sits in a picture-postcard setting in a valley, guarded by an elegant mountain and a bubbling stream.

The skeptical Mr. Cameron slyly asked his guide, "Is it true that the government had to search the province for over two years to find such an ideal spot for the birthplace?" "Oh, no," was his serious reply. "It didn't take nearly as long as that!"

RELIGION TODAY

She'll Need Every Bit Of Brilliance, Charm

By LESTER KINSOLVING
The first woman elected President of the National Council of Churches (NCC) is Mrs. Theodore (Cynthia) Wedel, wife of a retired clergyman who is one of the Episcopal Church's most revered elder statesmen.

In this post, Mrs. Wedel will need every bit of her renowned brilliance and charm; among other reasons because she is also the first presidential candidate in Council history to have to face a rival candidate.

And her rival, the Rev. Albert Cleague of Detroit, was hardly gracious in his Kinsolving speech. Immediately after learning that he had received only 93 out of the 450 votes cast, he proceeded to exhortate what he termed "the white racist establishment of the NCC" which he identified as "anti-Christ."

The Rev. Mr. Cleague, a United Church of Christ pastor of Detroit's "Shrine of The Black Madonna," is renowned among other reasons for his contention that Jesus Christ was black which disclosure is no less extraordinary than the Nazi proclamation that Jesus was an "honorary Aryan."

During an interview with this writer, the Rev. Mr. Cleague strenuously asserted that, while he is opposed to segregation, he accepts separatism such as ghettos, which he said "We can use for political and economic power."

He went on to say that black dormitories on college campuses are "a good thing, if black students are trying to find a black identity and want to be together."

The Rev. Mr. Cleague also noted that Dr. Martin Luther King "was killed by white men." But as for the black men who murdered Malcolm X, "I would question who they were working for."

BLACK NOMINATED

The militant Detroit pastor was nominated by the National Committee of Black Churchmen (NCBC) — for whom the General Convention of Mrs. Wedel's own Episcopal Church recently voted to raise \$200,000. (The Rev. Metz Rollins, New York Presbyterian who is NCBC executive director, told this writer that the Episcopal Convention's designation of his organization as recipient of the \$200,000 — rather than the Black Economic Development Conference of which James

Forman has been appointed field director — "was a dodge, everybody understood that." Moreover he conceded that "the only honest response to the Black Manifesto came from the Catholic Archdiocese of New York, which rejected it." As for the Episcopal General Convention, he conceded that it has "quibbled" in using the NCBC as a conduit — and that Episcopal leaders had subsequently tried to smear the secular press for reporting the situation.)

In addition to this nomination of the Rev. Mr. Cleague (which was only slightly less sensational than a nomination of either the Rev. Adam Clayton Powell or the Rev. Muhammad Ali) the NCC delegates were repeatedly subjected to bitter denunciations and bizarre demonstrations.

The NCC General Assembly devoted most of the afternoon of the first day of its four-day meeting to assorted protests. These ranged from numerous black demands to an American Indian who demanded \$750 million (30 times the entire NCC budget) to "Jonathan's Wake," a hippie aggregation who appeared with a giant balloon which they bounced about while scampering from one delegation to another, kissing both male and female delegates.

RESUMES HARANGUE

Some delegates expressed hope that the devotion of this much time would at least get the intrusions over with. But two days later, James Forman himself appeared and resumed the haranguing. (Mr. Forman has recently raised the level of reparations that his Black Manifesto demands from churches and synagogues from \$500 million to \$2.4 billion.)

And on the Assembly's final day, the Episcopal hippie priest, the Rev. Richard York of Berkeley, demonstrated his opposition to the Vietnam War by suddenly drenching the NCC officer's table with red paint.

The next General Assembly of the NCC is scheduled for 1972 in Dallas. These Assemblies are costly enough in travel, food, lodging and rental of facilities — not to mention the added costs in man-hours devoted by able business and professional men who serve as delegates.

So perhaps President - elect Wedel's major problem will be in persuading many of these men to return to the 1972 Assembly — unless she can assure them that proper policing will keep the gathering from becoming so largely a white flagellation session and a bowling alley for oddballs.

Opening lead — king of spades.

The Roman Blackwood convention is more complicated than the standard Blackwood convention, but there are hands where the more efficient Roman version attains a higher degree

of accuracy. Both methods originate the inquiry for the number of aces held by responder with a four notrump bid. In standard Blackwood, a response of five clubs shows no aces; five diamonds, one ace; five hearts, two aces; five spades, three aces.

(The response of five clubs is also used to denote all four aces.)

In Roman Blackwood, a response of five clubs indicates no aces or three of them; five diamonds, one or four aces. (In both cases, the player who initiates Blackwood is expected to know from the previous bidding the number of aces the response actually denotes.)

Five hearts indicates a holding of two like aces, that is, both black, both red, both minor, or both major. Five spades likewise indicates two aces, but they are unlike, namely, spades - diamonds or hearts - clubs.

In all cases where the four notrump bidder has only one ace, he can tell precisely which two aces his partner has when the response is five spades. This knowledge is extremely valuable if the Blackwood initiator has a void in one suit.

For example, take today's hand where South should start thinking seriously of a grand slam after partner responds to the forcing two bid with three clubs. South invokes Roman Blackwood after North bids three hearts, planning to undertake a grand slam if North shows either three aces or the right two aces.

When North responds five spades, showing two unlike aces, which can be only the heart-club aces, South can confidently bid the grand slam in hearts. In regular Blackwood, North would respond five hearts, announcing two aces, but South would have to guess whether they were the right two aces.

Factographs

The barbecue originated in the South; it was popular in Virginia prior to 1700.

MILLIKEN NOTES PROGRESS IN STATE IN '69

EXTINGUISH HOUSE BLAZE: Benton township firemen from all three stations battled a blaze inside this house at Box 194 Greenley avenue, for several hours Friday afternoon. This picture shows 10 firemen at the scene. Lt. Larry Harris of station three reported the fire began in the living room near a Christmas tree and spread upward and through the two-story house. Arnel Benson, the occupant, and family were not at home. Township police were requested to investigate, said Harris, because no cause of the fire could be determined. Directing firemen at the scene was township fire chief Kenneth Kraiger, extreme right. (Staff photo)

Driver Of Auto That Killed 3 Is Sentenced

★ ★ ★ ★ ★
Pays \$ 203; Loses His License

A Watervliet man, formerly charged with negligent homicide in connection with a traffic accident that took three lives last May on East Main street in Benton township, was sentenced on reduced charges yesterday in Berrien Fifth District court.

Alvin Martin Leverton, 24, of 221 West Parsons street, was fined \$100 and assessed \$103 costs for each of the two charges: reckless driving and impaired driving. Judge John Hammond also put Leverton on one-year probation and ordered him not to drive a motor vehicle before May 3, next year.

Leverton was arrested the night of May 3 after the accident. Killed as they attempted to cross the street were James Hamilton, 16; his mother Mrs. Helen Winfield, 31, and Louis Runnels, 45, all of Chicago.

PLEADED GUILTY

Leverton had been free on bonds totaling \$1,000 since Oct.

Army Charges Clips Defective

CLEVELAND, Ohio (AP) — A federal grand jury indicted two former executives of a company at Shelby, Ohio, Friday on charges of selling defective ammunition clips to the U.S. Army.

Indicted were Carl H. Olson, 50, former president of the Shelby Corp., who is now living in Bloomfield Hills, Mich., and Lawrence Hansen, 44, the company's former vice president in charge of manufacturing, now living in Detroit. Neither was available for comment.

BANKRUPTCY ALLOWED

LANSING (AP) — A bill to permit public employees to declare voluntary bankruptcy has been signed into law by Gov. William Milliken. The option to public employees previously had been available to those in private employment.

Michigan 'Led Way In' Poison Ban

Housing Authority Seen As Another Move Forward

LANSING (AP)—Gov. William Milliken, in his year-end report to the people, said that while education reform received the greatest attention during the past year, considerable progress was made on other problems — notably environmental quality and housing.

"Michigan led the way in banning the use of hard pesticides and we strongly urged a ban be placed on oil and gas drilling in the Great Lakes," the governor said.

Milliken noted that an environmental quality council was established so that state efforts could be more fully coordinated in that direction.

Despite a very tight bond market, he said, a start is being made toward the selling of the \$335 million in clean water bonds and \$100 million in recreation bonds.

HOUSING AUTHORITY

"In housing, we put into operation the housing authority which is now placing seed loans with nonprofit housing sponsors toward bonding for mortgage loans," Milliken reported.

Michigan, he said, has been working very hard with Operation Breakthrough and these efforts resulted just this week in Kalamazoo, being selected as one of the eight national prototype sites for streamlined low cost housing.

Just this week also, he added, the Michigan Commission on Housing Law Revision made its recommendations "which I hope in the future will have a profound effect on improvement in housing within the state."

Other gains made during the year cited by the governor included:

—Creation of the Bureau of Youth Services and steps to concentrate on the issue of drug dependence by both youths and adults in the state.

—Creation of a new management science group within the executive office.

—A steady growth in the Michigan economy during the past year.

"Perhaps the most significant trend," Milliken said of this growth, "was the diversification of our economy such as modular housing, the oil discoveries in the northern part of our state, farm product processing and a number of computer service companies, industrial laboratories and medical electronic facilities."

"I am convinced," the governor said in conclusion, "there is in Michigan an immense desire to move forward more rapidly and I feel 1969 was a year in which we began to prepare for the exciting decade of the 1970's."

BH Lost Money Returned To Woman

Judith Corrine Wenger, 22, of 522 Columbus avenue, Benton Harbor, lost and regained her Christmas shopping money Friday in slightly over an hour.

Miss Wenger reported to Benton Harbor police at 2:30 p.m. that an envelope containing about \$100 turned up missing from her purse while she was shopping in one downtown Benton Harbor store. At 3:45 p.m., John Clark, off-duty Benton Harbor police officer working in security at Penney's notified the department a similar envelope containing \$90 had been found in the store.

Miss Wenger said she had been shopping in Penney's before going to Zale's Jewelers where she discovered the envelope gone.

Oil Slick Not Serious Problem

SANTA BARBARA, Calif. (AP) — A new oil slick in the Santa Barbara Channel, where thousands of gallons seeped from an undersea well last January, is small and not a serious problem, the Coast Guard says.

GOVERNOR PLEASED: After a press conference at Lansing, Friday, Governor William G. Milliken thanked both houses of the state legislature for their efforts during 1969. Governor Milliken said he was particularly pleased with the cross-party lines support that educational reform achieved. (AP Wirephoto)

BH BANQUET PLANNED

Merle Lochner Chosen 'Knight Of The Year'

Merle Lochner has been selected "Knight of the Year" by Benton Harbor Knights of Columbus council 1120. He will be honored at a banquet Jan. 25 at the Downtowner restaurant.

Lochner, a member of the Knights of Columbus 45 years, has held various posts and is currently deputy grand knight and commander of Father Baroux assembly, fourth degree Knights of Columbus, in the Diocese of Lansing.

A native of Herscher, Ill., he has been a resident of the Twin City area since 1912. Formerly employed by Benton Harbor Malleable Industries, Superior Steel Castings Co and Clark Equipment, Lochner is now associated with M&M Printing Co. which is owned by his wife, Margaret. They reside at 1288 Pontiac road, Fairplain.

Lochner, 66, is a member of St. John's parish, and noted as a willing worker for church organizations.

Benton Harbor Man Likes Postal Service

REINHOLD F. Schull of 465 South Fair avenue, Benton Harbor, received a letter recently from a sister in Kiel, Germany. He's still trying to figure out how he ever got the letter.

He did and he's now a strong backer of the U.S. Post Office department, because the letter was addressed:

"Reinhold F. Schull, Harbor, Zipcode 4922, Mich., U.S.A."

Schull said the letter was written Sept. 23, by his sister, Mrs. Helen Heuser of Kiel. Schull said he received the letter Sept. 23, less than a week later.

The matter came to his mind Tuesday when he read another grateful letter in this newspaper's Readers' Forum. Mrs. Edith Hickmott wrote thanks over getting a letter addressed to Grandma Hickmott, route 2, Watervliet. That letter came from Mrs. Hickmott's granddaughter in Grand Rapids and Mrs. Hickmott observed that there is another Grandma Hickmott at an

Zick Given Presiding Judge Post

Named Again To Office Created Last Year

Berrien Circuit Judge Karl F. Zick this week was redesignated by fellow Berrien circuit judges as presiding judge of the Second Judicial (Berrien county) district for 1970.

Judge Zick has been presiding judge since that office was created Jan. 1, 1969, with the addition of a third circuit judge in this district.

His fellow judges here are Chester J. Byrns and Julian Hughes.

As presiding judge, Judge Zick is top administrator of the court, overseeing the court budget and naturalization matters, reassigning cases. He also has the power to issue extraordinary injunctions.

SENIOR JUDGE

Judge Zick is the senior judge on the Berrien bench and will have completed 10 years here on Jan. 1, 1970. His first term started in 1960, and in 1966 he was re-elected to an eight-year term expiring Jan. 1, 1975.

The judge quashed rumors he will retire at the end of his current term.

"Those are only rumors and gossip," he said. "If my health is good, the probabilities are that I will seek re-election, especially because I will be one year short of eligibility for a full pension."

"However, I assure my many friends in the county that I will continue on the job, if re-elected, only for so long as I am in good health and able to carry on my duties in an efficient manner."

He noted that the backlog of civil and criminal cases facing the court is being whittled down and that the court likely will handle 2,400 cases this year and probably more next year.

The court now has three judges. In the past, two judges handled some 1,800 to 2,000 cases a year.

Judge Zick, looking younger than his 60 years, lives in Sodas township with his wife, Corilyn. They have two married daughters, Mrs. Karlyn Sisson of Jackson, and Mrs. Charlene Hunkins of Toledo, Ohio.

The Zicks have seven grandchildren.

JUDGE KARL F. ZICK

U.S. Flag A 'No No' For Police?

Muskegon Heights Won't Shed Pins

MUSKEGON HEIGHTS (AP) — Police Chief James J. Farkas has declared war on the Defense Department for riding that small American flag pins worn on the lapels of police uniforms are "not proper or desirable."

"If demonstrators can stand on the streets of the capital and wave the Viet Cong flag without penalty, then it's going to take the Army to get those flag patches off the uniforms of Muskegon Heights police," vowed Farkas.

Police officers here began wearing the red, white and blue patches on their uniforms last October. Other public departments around the nation also sport American flag pins and patches.

Police Chief Jacob Schott of Cincinnati, Ohio, asked the White House for an opinion after a controversy flared in his city. Many policemen in Cincinnati were wearing the small flag pin and there were objections to it.

Chief Schott's letter was referred to the Department of Defense and a spokesman there wrote that the military is not permitted to wear such emblems. Since police departments are semimilitary organizations they should not display the American flag on their uniforms, Chief Schott said the letter concluded.

Chief Farkas, however, questions the ruling. He noted that astronaut Neil Armstrong, a civilian, wore an American flag on his uniform.

He said the ruling "hits you a little like Pearl Harbor. It comes from a reliable source but you just can't believe it's true."

Dad With Kids, Gun Ends Siege

Fennville Man Placed In Jail

FENNVILLE — Allegan county sheriff's officers said a Fennville area man was arrested last night after he had barricaded himself in the family home with five children and fired two shots through the door.

The incident kept ten police officers at bay for about two hours. There were no injuries, officers said.

Booked on a charge of felonious assault was Richard Barnes, 29, of 118th street, about five miles southwest of Fennville. Barnes was remanded to Allegan county jail when he failed to post a \$1,000 bond set by Magistrate Earl Lanning of Wayland.

Sheriff Robert Whitcomb said neighbors at 5:45 p.m. reported that Barnes had chased his wife from the home. Whitcomb said two shots were fired through the front door when a friend of Barnes asked Barnes to come out with the couple's children, aged two through seven.

Joining sheriff's deputies were police from Fennville, Allegan, Otsego and Plainwell. Barnes released the children at the request of his brother, Michael Barnes, 14, who resides near the Barnes home. Barnes soon afterward surrendered to Sheriff Whitcomb. Whitcomb said the reason for the incident has not been determined.

Tigers Find 'Substitutes' For Victory, 88-71

By JIM DeLAND
Sports Editor

The winning combination may be no combination at all for Benton Harbor's basketball team this season.

Wholesale substitution was the answer Friday night as coach Ace Elmsner's Tigers snapped out of a sluggish start and overwhelmed Traverse City with blitzkrieg tactics 88-71 at the Colfax gym.

The victory was the third in four starts for the Tigers this season and gives them undisputed possession of first place in the Lake Michigan Athletic Conference with a 2-0 record.

A 47-point one-two punch from co-captains Don Hopkins and Al

Williams powered the Tigers to victory, but it was almost non-stop substitution that seemed to turn them on for their biggest point total in the past 15 games.

"This was our best game," Elmsner encouraged. "I feel the substituting worked well. The kids were a lot more aggressive and they played together better. Andy (Vern Anderson) did a good job. He made some nice passes, and the substitutes kept us moving even if they didn't score a lot of points."

"Of course, I'm not overlooking what Don and Al have done."

Hopkins, moved from guard to forward for the first time this season, maintained his

point production by scoring 27 and also hauled down 14 rebounds, pulled off several steals and almost crushed Traverse City's Jim Demin with a sensational block.

Williams, who had scored only 15 points in the two previous games, snapped out of his slump with 11 points in the second quarter and finished the night with 20 points despite missing five layups.

"I was real pleased to see Al start hitting like he can," Elmsner said, "and he pressed well, too. I've been trying to get him to use the board on those layups, but he wants to put it right in and the ball's bouncing off the rim."

Forward John Gorton continued his steady play, leading the team with 15 rebounds and scoring 11 points to give the Tigers three players in double figures.

Gary Harris and Jimmy Boyd alternated in the pivot throughout most of the game, and together added 14 points to the Tigers' total.

Traverse City got 20 points and 11 rebounds from Jon Butcher and 18 points from substitute guard Jim Demin on long outcourt bombs, but was simply unable to match the Tigers' superior speed or rebounding power.

The Trojans' problems were complicated by the fact that the 6-2 Butcher was forced to play

center in the absence of 6-4 Bruce Moore, who tore a calf muscle in practice Thursday and will be sidelined at least a week.

Led by Gorton and Hopkins, the Tigers outpowered Traverse City 65-31 on the boards and harrassed the Trojans into 30 turnovers while using both a man-to-man press and a 2-1-2 zone defense.

Benton Harbor got off to a terrible start with Hopkins and Williams together missing their first 14 shots, but seemed to come alive when Boyd came off the bench to pump in three straight shots late in the first quarter.

The Tigers still trailed 17-15 at the end of the period after

hitting only 7 of 29 shots, but they scorched the nets with a blistering 32 of 66 the rest of the way while turning the game into a romp.

Scoring in demoralizing streaks, the Tigers outpointed Traverse 23-5 at the start of the second quarter and blasted into a 24-point lead by running off a string of 13 straight in the third period, when Hopkins alone tallied 12 points.

The Trojans managed to trim the margin to 65-49 before the period had ended, but were completely done in when Hopkins and Gorton powered an 11-2 spurt at the start of the final period to put Benton Harbor on top 76-51.

By the time the game was over, the Tigers had gotten off

a big bombardment of 95 shots and 34 more than Traverse City, and connected on 39 for a .411 average while adding 10 points in 16 tries at the free throw lines.

Traverse City shot 26 of 61 from the field for a .426 average and canned 19 of 25 foul shots.

Benton Harbor now gets a couple days off before resuming practice for next Saturday's game against Grand Rapids Union, also at the Colfax gym. Traverse City, 1-3 for the season and 1-1 in the LMCA, will be competing in the Battle Creek Christmas tournament.

Al Snyder's Tiger Cubs also trailed at the end of the first quarter, 17-16, but pulled away to remain undefeated with a 77-

49 victory in the preliminary game. John Hunt, Lonnie Davis and Charles Walls each scored 13 points and Mike Atkinson added 11 for the Tiger Cubs. Dean Thompson with 13 was high for the Trojan reserves.

Free Throws Bring 95-84 Niles Win

Inconsistent St. Joe Blitzed

By JAKE SHUBINSKI
Staff Sports Writer

Inconsistency continues to plague the St. Joseph Bears. Add this factor to some uncanny free throw shooting and it comes out to a 95-84 victory by the Niles Vikings over the St. Joseph Bears in a Big Six encounter played in the St. Joe

gym Friday night.

Then there were the 18 easy layups out of the 32 baskets scored by the Vikings that resulted in a .542 shooting average and their control of the defensive boards in all but the third quarter.

"Inconsistency," declared St. Joseph coach George Gaunder,

"has been our problem for six ball games now. Just about time you think one problem is worked out, it pops up in another place."

The third period was a St. Joseph nightmare and cost them the ball game. While the Vikings were hitting 11 of 14 shots, the Bears canned only five of 25 and trailed by as much as 23 points at one time.

The Bears came into their own in this period on the offensive boards, but the ball wouldn't fall as rebounding gave St. Joseph several second and third shots.

"Our failure to hit the rebound shot gave Niles the chance to score some easy baskets," observed Gaunder.

Eight of the 11 baskets scored by the Vikings were on layups, including four in a row by Al Rosebush within a space of 90 seconds near the end of the period.

Then came the fourth quarter when the Bears seemed to do almost everything right and outscored the Vikings 32-23 by connecting on 12 of 18 from the field.

But St. Joseph's fouling was its downfall as the Vikings, with only three field goals, sank 15 of 19 free throws.

"When you are down 21 points in the fourth quarter, your defense sometimes becomes overly aggressive," said Gaunder. "I didn't think that we needed to foul as much as we did."

Niles' accuracy at the charity line in the final period gave them a total of 31 free throws in 41 attempts for the night and their victory edge since the Bears finished with two more field goals than their opponents.

The Vikings' on their first seven shots of the game and missed on the first total for coach D. Cow showed 32 free throw attempts.

The Bears' best shooting in the season despite the poor third quarter showing by connecting on 34 of 73 shots for a .468 average.

It was another good night for the St. Joseph bench, which prompted Gaunder to think about "some adjustments that will probably be made" before the Bears host Dowagiac on Jan. 16.

The starting five of Tim Polen, Dave Hedstrom, Mike White, Scott Marutz and John Armstrong scored only 24 points. This quintet didn't play a second in the final period

when the Bears compiled their biggest eight minute point total of the season.

All but nine of the 33 points were scored by sophomore forward Packy Ryan and senior guard Dan Bregue.

Ryan took high point honors for the Bears with 24, 11 of which came in the second period, and the rest in the fourth quarter. Bregue was the second highest point producer with 15 points, 11 of which came in the final period.

Polen got all 12 of his points in the first half and Craig Zupke, who kept the third quarter from being a complete rout with three of the Bears' five baskets, finished with 10 points.

Rosebush, Brumfield and Louie Garner scored 68 of Niles' points. Garner, a slick guard who can score from the outside and has the speed to pull away on the fast break, led the attack with 27 points. His points were spread out evenly throughout the contest while Rosebush and Brumfield did theirs in spurts.

Rosebush was the outside

man in the second quarter when he scored 13 of his 23 points. Brumfield killed the Bears with his layups good for 16 of his 18 points in the third quarter.

Despite their height advantage, the Bears finished second best in the rebounding statistics with 41 as compared to 51 for the Vikings who played without center John James, the team's leading rebounder.

The Bears, with Marutz and Zupke taking nine each, had 24 offensive and 17 defensive re-

BEAVERS HUMBLE HARTFORD

Eau Claire Wins Big One, 79-64

By JOHN VANDEN HEED
Staff Sports Writer

EAU CLAIRE — Hartford was left kneeling before the Red Arrow throne again Friday night.

The Indians bowed to Ray Bowerman and the Red Arrow king Beavers from Eau Claire by a 79-64 margin in a showdown for the Red Arrow's highest seat.

The defending champion Beavers have now withstood challenges from both of their top contenders this week to hold sole possession of first place. Hartford was also humbled into a runnerup role last season with a 13-3 conference mark.

Bowerman, a 6-8 senior center, again paved the way for coach John Frye's squad with 27 points, while quarterback Dennis Prillwitz chipped in with 16 from his guard post.

The game was nip-and-tuck with 11 ties and four exchanges of the lead until late in the second quarter when Hartford substitute Tony Johnson suffered a cut over his left eye and was forced to leave the game.

Hartford tied the game for the last time seconds later at 29-29, but Eau Claire then spurred to its biggest lead of the first two quarters with a 19-11 halftime advantage.

"When Tony got hurt, it suffered a setback," commented Indian coach Haynes Woolcott on the injury which was expected to require stitches.

Hartford narrowed the gap to 47-43 with three minutes left in the third quarter, but at that point, Indian guard John Szweczyk, who carried a 19.3 aver-

age into the game, was forced to the bench with his fourth foul.

That proved to be the end of the Indians, as the Beavers rolled to a 59-46 lead at the end of the period before posting a 20-12 scoring advantage in the final quarter.

"It took us a long time to get going," commented Frye on Eau Claire's 22nd straight regular season victory. "When the kid got hurt, it hurt them a little bit."

Hartford clamped down on Bowerman in the first quarter with a zone defense and held him to just two shots. He had nine points at halftime, before adding seven in the third period and 11 in the last quarter.

Bowerman hit 8 of 14 from the floor and 11 of 11 from the free throw lines. "He's got the softest touch from the free throw line in any big man I've seen," said Chuck Winslow, a West Virginia assistant coach who was scouting the Beaver standout.

Guard Bob Rice was Hartford's leading scorer.

Lakeshore Bulldozes Coloma Aside, 89-68

COLOMA —Lakeshore's high-powered Lancers bulldozed aside Coloma 89-68 in a Blossomland affair here Friday night.

Lakeshore, which is averaging 88 points per game, now shares the conference lead at the Christmas break with Berrien Springs and Cassopolis. All have 2-0 league records.

Coach Russ Olin's Lancers were never threatened Friday night after getting off to a 22-14 first quarter lead. Substitutes started taking over in the second frame, and Lakeshore still posed advantages of 46-30 at halftime and 67-43 entering the final period.

Guard Steve Gaunder paced the Lancer attack with 18 points, while Greg Rodewald added 15, Chris Knapp 13, Mark Gardner 12 and Dan Rosenhagen 10. Forward Dana Carlson did his best to keep the Comets in contention with 22

allies. Teammate John Thomas chipped in with 10 markers.

Both squads hit 38 per cent of their field goals with Lakeshore meshing 32 of 88 and Coloma 28 of 73. Free throw accuracy was lacking on both sides with the Lancers converting 25 of 49 and the Comets 16 of 30.

Lakeshore posted a 69 to 57 rebounding edge with Rodewald hauling off 24 and Rosenhagen 16. The Lancer center fouled out in the fourth quarter.

"It was a poor game," summed up Olin in pointing to the total of 55 fouls.

Lakeshore opened with a half court press and fell back into a zone defense. At halftime Olin switched his Lancers into a man-to-man.

Lakeshore now has a 3-1 overall mark to go with the 2-0 Blossomland record. Coloma is 0-2 in the league and 0-4 on the season.

The Comets have lost 18 straight while allowing at least 64 points per game over that span. Coloma has dropped 14 consecutive games in the Blossomland.

Lakeshore also won Friday's junior varsity encounter by a 65-32 score with Bud Ott leading the way with 15 points.

Washington Watching Red Buildup

Enemy Intentions Will Be Tested In Next Seven Weeks

WASHINGTON (AP) — A top White House official says a continuation of recent Communist infiltration into South Vietnam during the next seven weeks would be considered disturbing and could signal an early-1970 offensive.

The source, who could not be identified by name or quoted directly under ground rules laid down by the White House, pictured the period between now and early February as one in which Washington will be testing and assessing Communist intentions.

An authority in the foreign policy area, the official was made available to about 50 newsmen for an 85-minute briefing Thursday. Under the rules, his remarks could not be reported until today. All his statements were made in response to questions.

The source said that if North Vietnam continues infiltration during the next seven weeks at the average rate of the last seven, the Nixon administration will conclude it is augmenting its forces in the South rather than replacing losses. He said that could be the prelude to an offensive.

MAY CAUSE CASUALTIES

If an offensive develops, however, he said it could not reach the 1968 Tet level which saw the Communists invade Saigon and occupy, if temporarily, such provincial capitals as Hue. He said the enemy could do no more now than cause an increase in U.S. casualties through stepped-up shelling and a series of coordinated attacks.

Some reverses are inevitable as the war continues, he said.

Reviewing U.S. foreign policy during the past year, the White House official listed failure to settle the Vietnam war as the major administration disappointment to date. He said Washington had entertained higher hopes for progress in the now-stalled Paris negotiations. And he suggested, without claiming to have any proof, that the illness and death of Hanoi's Ho Chi Minh may have stymied progress in late summer.

As other administration officials have done, the White House aide credited Nixon with mustering U.S. public opinion in support of administration policy on Vietnam since October.

And he said, as Nixon has done, that the policy aim is to reduce and finally eliminate the American presence in South Vietnam.

SETTLEMENT LIKELY

This source said he still believes a negotiated settlement is more likely than not to occur before the troop withdrawal program is completed.

Efforts to achieve a Middle East settlement also were cited as a major disappointment of 1969, although direct talks on the subject between the United States and the Soviet Union were said to have greatly lessened the chance of a superpower confrontation in that area.

The official said the Soviets are reluctant to recommend any settlement going much beyond the stated positions of their friends in the Arab world. And in any event, he said, Arab-Israeli passions simply may not yield to outside pressure or advice.

The administration also would have hoped for an end to the Nigerian civil war in 1969. The source said the national Security Council met on this subject earlier in the week—a meeting which, it was said, will lead to concrete U.S. steps in 1970.

At this point, the official said, lack of progress in damping down world trouble spots is seen here as due largely to factors outside U.S. control.

MOST CONSTRUCTIVE

The source said American and Soviet approaches to the current preliminary Helsinki talks on strategic arms limitation efforts have been perhaps the most constructive ever, from both sides. He said differences of

STOP STEALING FOR CHRISTMAS: The civil rights group ACTION in St. Louis, Mo. is campaigning to have black men refrain from stealing in order to have spending money at Christmas. A poster shows a man behind bars and says "Don't give your family this for Christmas." From left, ACTION leader Percy Green, store manager Samuel Reading, ACTION member Andre Kenard, 16. (AP Wirephoto)

opinion within the U.S. government were largely settled before the American delegation went to Helsinki last month.

While declining to predict when or where second stage talks might take place, the White House aide suggested the United States might be more willing than the Soviets to schedule an early start for serious negotiations.

As for summit prospects, he said the United States would like to have one at some point during the Nixon administration—if carefully prepared in advance and promising to produce results. He argued that no summit has ever permanently improved the international climate and, in fact, American-Soviet relations historically have deteriorated following such sessions. He said no amount of Presidential charm could move the Soviets—that they will be moved only as they see movement in their own national interests.

NSC REVITALIZED

The source pointed to revitalization of the NSC as a major administration accomplishment of 1969, saying that revision of the decision-making machinery now makes it virtually impossible for any single federal agency to dictate policy. He said Nixon currently is presented with all

the responsible options, then makes up his own mind. In a related area, he said the influence of the Pentagon on foreign policy has been curtailed. He said Secretary of Defense Melvin R. Laird has succeeded in limiting advice of the uniformed brass to matters within their field of professional competence and has kept them out of larger political and foreign policy areas.

The "Nixon Doctrine" also was cited as a notable 1969 accomplishment. Voiced on Guam in July, the doctrine boils down to a policy that the United States will not again commit large numbers of ground forces in Asia—barring such a development as war with Communist China—and will give material assistance in the military field only to those who show willingness to defend themselves.

The source said the doctrine basically pertains to all corners of the globe—not just Asia. He also stated that the United States has no permanent enemies and would welcome an opportunity to bring Communist China into the world community. He was not prepared at this point, however, to extend any public olive branch to Communist Cuba.

School Strife May End In Genesee

FLINT (AP)—Teachers in the Mount Morris School District have tentatively approved a new contract with the school board marking the apparent end of teacher labor problems in Genesee County for this school year. The 125 teachers will be asked to ratify a one-year contract calling for pay increases of about five per cent. The district has about 3,700 pupils. Negotiations on the contract were spread over a seven-month period, but teachers never struck. The county was hardest hit this fall by teacher strikes. Only two of the county's 21 districts had contracts in effect when classes began. At one time teachers in six districts were on strike, idling more than 70,000 pupils.

'RACISM HURTING AMERICA': The Rev. Martin Luther King Jr. gestures as he talks with a newsmen in the study at Atlanta's Ebenezer Baptist Church where he is pastor. King, father of the slain civil rights leader, said America faces the prospects of a self-destructive race war unless white prejudices give way. (AP Wirephoto)

OFFICIAL NOTICE OF SALE
\$1,565,000.00
COUNTY OF BERRIEN, MICHIGAN
BERRIEN COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 1 BONDS
(St. Joseph - Lincoln)
Sealed bids for purchase of the above bonds will be received by the undersigned at the Department of Public Works Offices in the County Building in the City of St. Joseph, Berrien County, Michigan, on Monday, the 29th day of December, 1969, at 2:00 o'clock p.m., Eastern Standard Time, at which time and place said bids will be publicly opened and read.

Said bonds will be dated as of November 1, 1969, the entire issue to be coupon bonds of the denomination of \$5,000.00 each, numbered consecutively in direct order of maturity from 1 to 313, inclusive, will be registrable as to principal only and will bear interest at a rate or rates not exceeding an average of six per cent (6 percent) per annum, expressed in multiples of 1/4 or 1/20 of 1 percent, or any combination thereof. Said interest will be payable on April 1, 1970, and semi-annually thereafter on October 1st and April 1st of each year. The

interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to the date of delivery must be paid by the purchaser at time of delivery. Both principal and interest will be payable at a bank or trust company, which paying agent qualifies as such, under the Statutes of the State of Michigan or of the Federal Government, to be designated by the manager of the account purchasing the bonds and subject to the approval by Berrien County, which purchaser may also designate a co-paying agent similarly qualified and approved. The difference between the highest and lowest interest rates bid shall not exceed 2 percent.

Said bonds will mature serially as follows:
\$50,000.00 April 1st of each year from 1971 to 1977, inclusive;
\$65,000.00 April 1, 1978;
\$75,000.00 April 1st of each year from 1979 to 1983, inclusive;
\$100,000.00 April 1st of each year from 1984 to 1987, inclusive;
\$125,000.00 April 1st of each of the years 1988, 1989 and 1990.

Bonds maturing in the years 1971 to 1984, inclusive, shall not be subject to redemption prior to maturity.

Bonds maturing in the years 1985 to 1990, inclusive, shall be subject to redemption prior to maturity, at the option of the County, on any interest payment date on or after April 1, 1984, at 102 percent of par if redeemed prior to April 1, 1987; and at 101 percent of par if redeemed on or after April 1, 1987, but prior to maturity.

Thirty (30) days notice of the call of any bonds for redemption shall be given by publication in a paper circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in the case of registered bonds, thirty (30) days notice shall be given by mail to the registered holder at the registered address. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the paying agent to redeem said bonds.

The bonds are to be issued under the provisions of Act 185, Public Acts of Michigan, 1957, as amended, and pursuant to resolution duly adopted by the Board of Supervisors of the County of Berrien for the purpose of paying part of the cost of acquiring a sanitary sewage disposal system in said County to service parts of the Township of Lincoln, all included as part of a County sanitary sewage disposal system designated as "Berrien County Sanitary Sewage Disposal System No. 1 (St. Joseph - Lincoln)."

The said bonds are issued in anticipation of and are payable primarily from certain specified contractual payments to be paid by the Township of St. Joseph and the Township of Lincoln, located in the County of Berrien, Michigan, to the Board of Public Works acting for and on behalf of the County of Berrien pursuant to a certain contract between said governmental units whereby said Board, on behalf of the County, is to construct sewer improvements within the aforesaid sanitary sewage disposal system. By the provisions of said contract, and pursuant to the authorization provided by law, the Township of St. Joseph and the Township of Lincoln have each respectively pledged their full faith and credit for the payment of their respective contractual obligations. The County of Berrien has irrevocably pledged to the payment of said bonds the total contractual payments, which payments are payable at such times and are established in such amounts as are required to pay the entire principal of and interest on the bonds promptly when due.

As additional security for the payment of the bonds and the interest thereon, the County of Berrien, as authorized by law, has pledged its full faith and credit for the prompt and timely payment thereof.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from January 1, 1970, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the County of Berrien on all the bonds herein offered.

No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered. A certified or cashier's check in the amount of \$31,300.00, drawn upon an incorporated bank or trust company and payable to the order of the County Treasurer, County of Berrien, Michigan, must accompany each bid as a guaranty of good faith on the part of the bidder, to be forfeited as liquidated damages, if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of the unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail if no bidder's representative is present. Payment for said bonds shall be made in Federal Reserve Funds.

In the event that prior to delivery of the bonds the interest received by private holders from bonds of the same type

and character shall be taxable by the terms of any Federal income tax law, ruling, regulation or court decision, the successful bidder may, at his election, be relieved of his obligations under the contract to purchase the bonds, and in such case, the deposit accompanying his bid will be returned.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys, of Detroit, Michigan, approving the legality of the bonds, the text of which will be printed on the reverse side of each bond. The cost of such opinion and the cost of printing the bonds will be paid by the County. Executed bonds will be delivered at Detroit, Michigan, Chicago, Illinois, or New York, New York. The bonds will be accompanied by the usual closing documents, including a certificate that no litigation is pending affecting the issuance of the bonds.

The right is reserved to reject any or all bids. Envelopes containing the bids should be plainly marked "Proposal for Bonds."

LA MONT TUFTS
Secretary, Board of Public Works
County of Berrien, Michigan

AMENDMENTS LINCOLN TOWNSHIP ZONING ORDINANCE

The following additions to and changes in the Zoning Ordinance for Lincoln Township, Berrien County, Michigan are hereby adopted as amendments thereto:

SECTION V—INDUSTRIAL
Insofar as it provides "house trailer camps are permitted solely in the industrial area is hereby repealed and deleted effective upon the effective date of Section XXII—Mobile Home Park District, as set out below.

The following is hereby added to the Zoning Ordinance for Lincoln Township:
SECTION XXII—MOBILE HOME PARK DISTRICT
A. INTENT: This district is designed to provide for the location and development of Mobile Home Parks, and to establish quantitative and qualitative standards for the protection of the Mobile Home Parks and adjacent properties.

B. DEFINITIONS:
1. Mobile Home Park means a plot or parcel of land for the accommodation of mobile homes.

2. Mobile home parks shall be portable vehicular structure built on a chassis and designed to be used without a permanent foundation as a year-around dwelling, connected to utilities, and having a length more than twenty-eight (28) feet long, a width of eight (8) feet or more and weighing more than four thousand five hundred (4,500) pounds.

C. LOCATION:
1. No mobile home, trailer, camp trailer, trailer coach, tent trailer, or travel trailer shall be occupied as a dwelling or residence in Lincoln Township except for mobile homes as defined in Section B-2 herein while such mobile homes are located in a mobile home park authorized and permitted by the State of Michigan and the Township of Lincoln.

2. Mobile home parks shall be located only in a Mobile Home Park District. Each boundary of the park must be at least two hundred (200) feet from any permanent residential building located outside the park, unless separated therefrom by a natural or artificial barrier, or unless a majority of owners of such property within two hundred (200) feet thereof consent in writing to the establishment of the park.

D. APPLICATION FOR BUILDING PERMIT AND CONSTRUCTION:
No person or corporation shall commence construction of or construct any mobile home park, including concrete slabs, or add to or alter such park so as to alter the number of sites for mobile homes within the park or affect the facilities required therein, prior to obtaining a building permit from the Township Board. Application for such permit shall be filed in triplicate with the Township Building Inspector and shall include the following:

1. A permit from the Michigan Department of Health, or application therefor, as required by Act No. 243, Public Acts of 1959, as amended (Michigan Trailer Coach Park Act).
2. The location, grading and dimensions of streets, driveways and parking sites for mobile homes and other vehicles and the location of storage sites, service and utility buildings, recreation or park areas, screening and/or buffers, and all other proposed or existing improvements to the property.
3. Information which the Township Board and/or Planning Commission may find reasonably necessary to evaluate the proposed development as to its legal status and its effect on surrounding areas.

E. AREA REQUIREMENTS:
1. Mobile Home Lots. Each lot shall provide for occupancy by not more than one (1) mobile home unit, shall have an area of not less than four thousand (4,000) square feet (50' feet, of not less than fifty (50') feet, and the density of mobile home lots shall not exceed six (6) per acre. Each mobile home park shall contain at least ten (10) acres.
2. Mobile home lots shall be designed to allow, and shall be

occupied in accordance with the following minimum requirements:

(a) No mobile home or any accessory structure, addition or appurtenance thereto shall be located less than ten (10) feet from the nearest adjacent trailer lot boundary.

(b) Space between mobile homes may be used for the parking of motor vehicles if the space is clearly designated and the vehicle is parked at least ten (10) feet from the nearest adjacent trailer lot boundary.

(c) Mobile homes shall be parked not less than thirty-five (35) feet from any public street or alley and not less than ten (10) feet from any private road or alley, and not less than twenty-five (25) feet from the boundary of any premises abutting the mobile home park.

(d) Each lot must provide hard-surfaced off-street parking for a minimum of one automobile.

F. ROADS:
Each individual mobile home site shall abut or face a clear unoccupied space, driveway, roadway or street of not less than twenty (20) feet for a one-way road with parallel parking, one side only, and not less than forty (40) feet for a two-way road with parallel parking on two (2) sides, which shall have unobstructed access to a public highway or alley. Where sidewalks are provided, the space required shall be in addition to the width of the road. Roads and sidewalks shall be hard-surfaced.

G. BOARD OF EDUCATION:
Notice of any public hearing had in connection with this Section XXII shall be given by the Township Clerk by Registered Mail, with return receipt requested, to the Board of Education of the school district in which the mobile home park is to be located at least twenty (20) days in advance of said hearing.

H. STORAGE AREA:
An adequate storage area shall be made available and shall be properly buffered.

I. UTILITIES:

1. In addition to the minimums set forth in Act 243, P. A. of 1959, as amended, the installation of electrical wiring, telephone cables, TV circuits, fuel oil storage tanks, and other similar installations, shall be underground wherever practicable.

2. The water supply serving any park constructed after the effective date of this ordinance shall be obtained from a municipal supply if it is available and accessible. If a connection is not available and accessible, the water shall be obtained from a source approved by the Michigan Department of Health and the Township Board.

3. Mobile home parks shall connect to a public sewer system where a public sewer system is available and accessible. Where no public sewer system is available and accessible, devices for the collection, treatment and disposal of sewage satisfactory to the Michigan Department of Health and the Township Board shall be provided. If no practicable way can be found by which proper waste disposal is assured, no permit shall be issued.

J. RECREATION, PARK OR PLAY AREAS:

Each park shall provide an adequate recreation, play or park area.

K. COMMERCIAL SALES:

1. Mobile homes may be located on lots and sold therefrom as a convenience for the mobile home park, but not with the intent or purpose of using the park for regular commercial sale of mobile homes.

2. Commercial sale of convenience items or services to accommodate only those persons residing within the park shall be permitted, providing such sales or services are located within a service building. No advertising signs are permitted.

L. STORM ANCHORS:

All mobile homes shall be securely anchored, front and rear, to storm anchors, which shall be securely anchored in the stand (slab).

M. SKIRTING:

Each mobile home shall have an exterior skirting (non-transparent) around perimeter, with an access door provided in same.

This amendment shall be effective immediately. I hereby certify that the foregoing is a true and accurate copy of Amendments adopted by the Township Board of Lincoln Township, Berrien County, Michigan on December 9, 1969.

BERNICE TRETHEWAY,
Lincoln Township Clerk
